PRESCRIPTION & MEDICAL RECORDS Request for Motus Hand for Jane Doe
DOB: 01/15/1978 from Dr. John Smith

1. Physician needs to complete and sign the prescription.
2. Add the following documentation to the patient's medical record and send the updated records:

I am ordering the Motus Hand / Foot (Hand/Foot Mentor) Rehabilitation System, a robotic based neuro-rehabilitation therapy system for use at home. My patient would functionally benefit because of the active assistance and neuromuscular re-education that would help improve their active and passive range of motion, reduce tone, and increase strength. Additionally, it would improve fine and gross motor functions to assist in eating, dressing, walking and other activities of daily living (ADLs).

(Medicare Requirement: Notes must be Electronically or Physically Signed by Physician)
