PRESCRIPTION & MEDICAL RECORDS Request for Motus Hand for Jane Doe
DOB: 01/15/1978 from Dr. John Smith

1. Please fully complete the attached prescription, ensuring that all sections are accurately filled. The signature must be provided by the Attending Physician only.
2. Please provide the medical records and/ or visit notes for this patient pertaining to a CVA (stroke)/ TBI/ Neurological accident AND add the following documentation (listed below) to the patient's medical records as visit notes or an addendum

I am ordering the Motus Hand / Foot (Hand/Foot Mentor) Rehabilitation System, a robotic based neuro-rehabilitation therapy system for use at home. My patient would functionally benefit because of the active assistance and neuromuscular re-education that would help improve their active and passive range of motion, reduce tone, and increase strength. Additionally, it would improve fine and gross motor functions to assist in eating, dressing, walking and other activities of daily living (ADLs).

(Medicare Requirement: Notes must be Electronically or Physically Signed by Physician)
